Fall '16 PR INTERNSHIP

**College Credit Available*

Media Marketing is a full-service public relations firm working with businesses, trade associations, and non-profits throughout the Northeast. Our focus is editorial marketing – understanding the inner workings of news for print, electronic media and social media. We have openings available for full-time fall interns who have a desire to learn, work smart (not only work hard!) and have a passion for writing. Daily duties involve working with television stations, newspapers, magazines, bloggers, radio news reporters, business decision-makers and legislative leadership in the New York State Capitol.
